THIS IS UNEVALUATED INFORMATION

1. The **following** table lists planned production for 1955 of VEB Teerverarbeitungswerk Rositz, an SAG enterprise until 31 December 1953, when it was transferred to the Main Administration of Liquid Fuels in Production Area Chemistry of the Ministry for Heavy Industry. ¹¹¹ amounts are in metric tons. 25X1
2. The production listed is Warenproduktion, i.e. production for sale.
3. For purposes of comparison, planned 1954 production is also listed. The 1954 plan figures do not entirely correspond to the figures previously reported.¹ The discrepancy is explained by the fact that the 1954 plan figures were changed after the second quarter of 1954 on the basis of actual production during the first half of 1954.
